"Take risks now and do something bold. You won't regret it"

Education

2018–2022 **B. Tech in Information Technology, IIIT Bhubaneswar**, Bhubaneswar - Odisha.

2015–2017 **Senior Secondary, S.R. Public Sr. Secondary School**, Kota - Rajasthan.

Projects

Movies Words

- Helps an user to get and store some of the difficult English words used in movies from the subtitle file so that he can be acquainted with the vocabulary.
- Tech Used: Next.js(React and Node), MYSQL(database), Redux(global state management), Framer motion(Animations), MaterialUI(CSS framework), Vercel and Heroku(deploy).
- Since I have used free database and free 3rd party APIs, some of the feature might not work at some giving server error. Please check [this](#) repo in my github and see the screenshots in readme that I took of the main features in the website.
- I have done couple of other projects but this the main one.

Tech skills

Expert	React.js, JavaScript, Node.js, SQL, Redux, Framer Motion, C++, CSS, HTML, MaterialUI, Reactstrap
Proficient	MongoDB, TypeScript
Enthusiast	Go, Docker, Linux

Learning Experience

Web Development

- 2021 **Self-Learn.**
Further adepting in React, Node.js, JavaScript. Started learning Framer motion, Go, particles.js. Completed(almost) the 2nd dynamic website.
- 2020 **Self-Learn.**
Adepting in React.js and Node.js. Started learning TypeScript, MYSQL, Next.js, MaterialUI. Built 2nd dynamic website.
- 2019 **Self-Learn.**
Started with HTML5, CSS3 and JavaScript, SASS. Moved to React.js, Node.js, MongoDB, Reactstrap. First static and dynamic website built.

Academics

- 2021 **Data Structures.**
Revisited and enhanced my knowledge and skills on data structures.

2020 **Networking and OS.**

Got to know about how internet works in more detailed way through Data Communication and Computer Network subject. Subjects like Operating system and computer organization were quite interesting.

2019 **Programming.**

Gained further knowledge on data structures and algorithms, learnt C++

2018 **Programming.**

First time into the world of programming. Learnt C, data structures basics and did some competitive programming.

Languages

English Second Language/L2
